

## 2014 Gifts 4 Gulu 5K Run/Walk Course

**Out and back course with the out portion in black and the back portion in yellow.**

The course starts at the end of the Lynchburg College track by the Hornet Statue. Racers will head clockwise toward the Bell Tower turning right out of the track and then right onto the entrance road heading toward the Campus Dell on the right side of the small parking lot. After entering and running counter clockwise around the Dell, racers will turn right past Carnegie Hall going down the entrance beside the new construction onto the new Loop Road. After running behind a set of residence halls, they will turn onto College Drive. The course then turns right onto Vernon Street and a quick left onto College Street. Racers will run down College Street turning right behind the Townhouses, before Peakview Apartments and continue a short distance on a wide sidewalk toward the water station beside the Pavilion. Racers will turn around at the water station and head back up College Drive, turn right onto Vernon Street, and turn a quick left onto College Drive. From there racers will run back onto campus, go behind the residence halls, and back down Loop Road. Running up the entrance on the left, racers will head return to the Dell between Carnegie Hall and Hall Campus Center. In the Campus Dell, racers will run clockwise (the reverse from before) exiting beside Hopwood Hall, running on the left side of the road to enter the track, and head to the finish the same way they started.
